Mr. Andreas Blom
Team Leader, ACE Project
World Bank
Washington, USA

Dear Mr. Andreas Blom,

DISBURSEMENT TO PAMI FOR RESULTS ACHIEVED

I bring you warm greetings from the AAU.

As agreed in the Financing Agreement and Minutes of Negotiation for each country participating in the Africa Centers of Excellence project, the results for the ACEs must be verified by the Association of African Universities (AAU). For this purpose, AAU has contracted two assisting consultancy firms. Accordingly, results pertaining to student enrollment and outreach (internships) were verified by Technopolis using online surveys and telephone calls. For research publication results, Elsevier verified publications in international journals using a list of researchers submitted by PAMI. The results from Elsevier were then further assessed for their relevance to the objectives of PAMI.

PAMI has further submitted documentation that it's Eligible Expenditure Program for the period in question (February 25, 2015 – date of signing of the Financing Agreement to May 31, 2016) equals **NGN 615,240,232** equivalent to **SDR 1,340,884.72** of which **SDR 530,000** has previously been reimbursed for achievement of DLI1. Therefore, the remaining EEP that potentially could be reimbursed amounts to **SDR 810,884.72**. This exceeds the amount that the results verified are valued at (**SDR 701,625**).

Based on the verified results for DLRs 2.1 - 2.6 and the reported EEP, the AAU wishes to recommend a disbursement of a total of **SDR 701,625** to PAMI. The amount represents earnings for the results achieved over the period 2014 – 2015 being the first year of the ACE Project. The results for DLRs 2.1 – 2.5 have been shared and discussed with the ACE in question.

Please find attached a schedule of the DLRs achieved and the associated earnings. Also attached is a list of verified results for DLR 2.6 (Research Publications).

Thank you in anticipation of your prompt response.

Yours in the service of higher education in Africa,

Prof. Etienne Ehile
Secretary General.
